Talking hands youtube channel!

Welcome to Talking hands youtube channel!

After months of working with the final script, recording and editing of the material we can finally present you to our YouTube channel with the video content for our 7 learning modules.

The videos on YouTube are in 6 different languages, each has its specific playlist: Greek, Polish, Croatian, Italian, Slovenian and Swedish. The playlist consist of material from our 7 learning modules. Each module has a specific theme and focus, for example leisure time, alphabet etc.

You either start from the beginning with module 1, video 1.1 and work your way towards module 7 or in different order, depending on what and how you want to learn. The structure of each module is:

- Vocabulary, learn the necessary words, phrases
- Video lesson, practice together the word, sentences,
- Assessment test and
- Assessment text production

Feel free to explore our YouTube channel and learn sign language wherever you are! Together we build the European sign language culture stronger!
